14th March 2017

Attendance and punctuality

Dear Parents and Carers

As you know we are working very hard to further improve our attendance - thank for your support in this.

After the success of our attendance focus week last half term we are going to repeat this during week beginning 27th March. This time everyone who completes a full week (100% attendance) will take part in a games afternoon that will be held outside, in the dance studio and in the hall on Friday afternoon. All pupils taking part in the games afternoon can bring in sports kit of their choice to wear during the activities. If your child has a hospital appointment during the week please bring the letter into the office as they will still be included in the reward.

After our last focus week lots of pupils have told us that they were pleased they could be rewarded for a full week of attendance even if they had not managed to earn a reward for high attendance over the term or year.

We will still be keeping our termly awards; certificates, books and raffle tickets.

I will let you know the outcome of our focus week - it would be great if we could reach 100%

Thank you for you continuing support.

Kind regards

Mrs Evans
