Dear Parents/Carers

Please see below the Year 2 PSHE knowledge and skills overview for our unit on 'Relationships' which we will be learning about over the next half term.

Jigsaw knowledge and skills progression: Relationships - Ages 6-7

Jigsaw, the mindful approach to PSHE is a progressive and spiral scheme of learning. In planning the lessons, Jigsaw PSHE ensures that learning from previous years is revisited and extended, adding new concepts, knowledge and skills, year on year as appropriate. The table below draws out the spiral knowledge and skills progression within the Relationships Puzzle (unit of work) including the key vocabulary used in each year group and suggestions for Family Learning.

What can you do if you and your friend have had an argument? Can we share what we are grateful for in our family? How does Jigsaw Jo help in your Jigsaw lessons? Can you explain to me what 'Mending Friendships' is about?
<p>Learning about family relationships widens to include roles and responsibilities in a family and the importance of co-operation, appreciation and trust. Friendships are also revisited with a focus on falling out and mending friendships. This becomes more formalised and the children learn and practise two different strategies for conflict resolution (Solve-it-together and Mending Friendships). Children consider the importance of trust in relationships and what this feels like. They also learn about two types of secret, and why 'worry secrets' should always be shared with a trusted adult. Children reflect upon different types of physical contact in relationships, which are acceptable and which ones are not. They practise strategies for being assertive when someone is hurting them or being unkind. The children also discuss people who can help them if they are worried or scared.</p>
